

AMENDMENTS TO THE SPECIFICATION

✓  
IN THE TITLE OF THE INVENTION:

Please amend the title as it appears on the first page of the specification and in the U.S. Patent and Trademark Office's records, as follows:

--A METHOD ~~AND SYSTEM~~ FOR FORMING ELECTRICALLY CONDUCTIVE PATHWAYS--

✓  
IN THE ABSTRACT OF THE DISCLOSURE:

Replace the Abstract of the Disclosure currently of record with the attached new Abstract of the Disclosure.

IN THE SPECIFICATION:

Please amend paragraph [001] as follows:

a' [001] The present invention relates to a ~~system and method~~ methods for forming electrically conductive pathways. In particular, the ~~system and method is~~ methods are for making variably printed radio frequency antennas for radio frequency tags.
